

# Business Processes in SAP S/4HANA Sourcing & Procurement

**Poszerzaj swoją wiedzę**  
z naszymi pakietami **szkoleń e-learningowych!**

## THE AIM OF THE COURSE

This course provides a comprehensive overview of the processes in SAP S/4HANA sourcing and procurement. You will learn about the fundamentals, major business processes and functions in materials management.

This course is mostly suitable for participants who are not familiar with the procurement processes in SAP ERP. For those who already come with background knowledge about procurement in SAP ERP, the delta training S4PR1 is more applicable.

## THE BENEFITS RESULTING FROM THE TRAINING COMPLETION

- This course will prepare you to:
  - Participants learn about the fundamental elements of materials management.
  - Participants understand the usage of procurement processes for stock material and consumable materials, the basic functions from purchasing, inventory management and invoice verification (SAP Fiori apps and advanced transactions).
  - Participants gain first hands-on experience with topic-specific exercises of the mentioned processes.

## EXPECTED PREPARATION FROM STUDENTS

Knowledge about processes in sourcing and procurement.
