

ITIL® 4 Specialist: Create, Deliver and Support (CDS) - accredited eLearning with exam

eLearning ITIL® 4 Specialist: Create, Deliver and Support (CDS) is an online course developed by PeopleCert to prepare participants for the international ITIL® 4 Specialist: Create, Deliver and Support (CDS) certification exam. The Create, Deliver, and Support module teaches how to design, deliver, and support IT services in accordance with the ITIL® 4 approach. It is intended for IT specialists and those advancing in service management who want to streamline operational activities and improve the quality of the services they deliver. After completing the training, you will be able to apply ITIL practices in your daily work, manage workflows within IT teams, and measure service effectiveness.

The course consists of several modules featuring interactive content. It offers participants the opportunity to learn at any time and at their own pace over the course of 12 months.

OFFICIAL ITIL® 4 CERTIFICATION FRAMEWORK

ITIL® 4 Foundation is a prerequisite for obtaining any ITIL® 4 certification, with the exception of the ITIL® Acquiring and Managing Cloud Services and ITIL® Sustainability in Digital and IT extension modules, for which there are no prerequisites.

The ITIL® 4 Managing Professional designation can be obtained after earning certifications in ITIL® 4 Create, Deliver and Support, Drive Stakeholder Value, High-velocity IT, and Direct, Plan and Improve.

The ITIL® 4 Strategic Leader designation is awarded after earning certifications in Digital and IT Strategy and Direct, Plan and Improve.

The ITIL® 4 Practice Manager designation is awarded upon obtaining certification in Create, Deliver and Support and ONE certification from the following course packages: Monitor, Support and Fulfil; Plan, Implement and Control; or Collaborate, Assure and Improve.

ITIL® 4 Master is the highest designation, awarded upon obtaining the ITIL® Practice Manager, Managing Professional, and Strategic Leader designations.
