

training code: PL-900 / ENG DL 1d / EN

Microsoft Power Platform Fundamentals

Authorized Microsoft Power Platform Fundamentals PL-900 Distance Learning training.

Purpose of the training

The training is intended for the people interested in Microsoft Power Platform. It is recommended to have an experienced in working with Microsoft Office, Microsoft Excel and Microsoft Outlook. However, we do not require an experience in Microsoft Power Platform to participate in the training.

Benefits of completing the training

The training provides a practical experience and in-depth knowledge of Microsoft Power Platform

Examination method

The exam is on-line. You can enroll at: <https://home.pearsonvue.com/Clients/Microsoft.aspx>

Exam description

After the PL-900 course, you can take Microsoft certification exams:an Authorized Test Center,online being monitored by an offsite proctor. Details on the website:<https://docs.microsoft.com/en-us/learn/certifications/exams/pl-900>

Expected Listener Preparation

It is recommended to be experienced in working with Microsoft Office, Microsoft Excel and Microsoft Outlook. However, it is not required to have experienced in Microsoft Power Platform to participate in the training.

An ability to use English language material

To make work more convenient and training more effective we suggest using additional screen. Lack of extra screen does not make it impossible to participate in the training, but significantly influences the convenience of work during classes

Information and requirements concerning participation in distance learning trainings is available at: <https://www.altkomakademia.pl/distance-learning/#FAQ>
