

PRINCE2® Agile v2 Foundation - accredited training with exam

In a world where change happens quickly and frequently, it becomes essential to use methodologies that combine proven structure with flexibility. The PRINCE2® Agile v2 Foundation training is the ideal solution for individuals who want to effectively integrate the classic PRINCE2® approach with Agile methods. Participants will learn how to adapt project management to evolving needs and conditions while maintaining full control over the course of the work.

Training recipients

- Individuals using the PRINCE2® methodology in their organizations who want to adapt their approach to working in agile teams and projects
- Practitioners of agile methods (such as Scrum or Kanban) who wish to expand their competencies with structured project management based on PRINCE2® Agile
- Anyone looking to develop their project management skills by applying the PRINCE2® methodology in an agile environment

Benefits

- Understanding how to effectively combine the structured approach of PRINCE2® with the flexibility of agile methods
- Gaining insight into the fundamentals of Scrum, Kanban, and Lean Startup, and how to integrate them with project processes
- Learning how to collaborate efficiently with agile teams while maintaining project control and alignment with organizational objectives

- Receiving practical guidance on planning communication and documentation that support both agility and project oversight
- Developing competencies in line with the official PRINCE2® Agile guidelines
- Preparing for the PRINCE2® Agile v2 Foundation exam and the opportunity to obtain an internationally recognized certification

PART IV - Exam preparation**Expected preparation of the participant**

A basic understanding of the PRINCE2® methodology and experience working in an agile environment will be helpful, but are not required.

**Training Includes**

The training fee includes:

- Accredited training materials
- Voucher for the PRINCE2® Agile v2 Foundation online exam
- Authorized PRINCE2® Agile v2 manual in online format (as required by the vendor)

Optional add-on:

Take2 re-sit exam: 200 PLN (Note: This option can only be purchased through Altkom Akademia before the training begins).

The prices presented on the website apply to sales on the Polish market. For customers outside Poland, or in cases where the PeopleCert exam requires settlement under a different region, the final price may be adjusted in accordance with PeopleCert's applicable regional pricing policy. Please contact us to confirm the price and receive an offer tailored to your country/region: trainings@altkom.pl

**Language**

- Training: English
- Materials: English
- Exam: English

Examination method

Training participants will receive a voucher for the online exam. The voucher is valid for 6 months.

After the training, participants will receive an email with instructions on how to register for the exam.

The exam date is scheduled directly with PeopleCert using the participant's account.

The online exam is conducted under the supervision of a proctor—a representative from PeopleCert who connects remotely to the participant's desktop and monitors the exam via webcam.

The examinee is required to show the proctor, via the camera, the room where the exam will be taken.

The proctor checks to ensure there are no third parties or unauthorized materials present.

Duration

3 days / 21 hours

Examination description

- Duration: 60 minutes
- Format: Multiple-choice, single-answer questions
- Passing score: 60% (24 correct answers out of 40)
- No access to manuals or training materials during the exam (closed book)
