

# Business Processes in HCM Payroll for S/4HANA

This course provides an overview and foundation knowledge for processing payroll transactions in SAP HCM and HCM on S/4HANA. You will learn how to troubleshoot issues when running payroll and complete financial postings. This course applies to the functionality of HCM for S/4HANA. Nevertheless, if you are still on ECC 6.0 EHP8 you are also welcome here. Differences will be explained in this course.
