

Business Processes in SAP S/4HANA Sourcing and Procurement

- This course provides a overview of the business processes in SAP S/4HANA Sourcing and Procurement. You will learn about the fundamentals and the major processes and functions. This course is mostly suitable for participants who are not yet familiar with procurement processes in SAP ERP. For those who already come with background knowledge about procurement in SAP ERP, the course S4PR1 is more applicable.

Odbiorcy szkolenia

- Application Consultant
- Business Process Architect
- Business Process Owner / Team Lead / Power User
