

Describing the Receivables Management Process in SAP S/4HANA

- As a beginner in the Financials department in your company, you will gain overview knowledge of fundamental business processes in the Receivables Management area on SAP S/4HANA. The content of this learning journey is relevant for SAP S/4HANA deployment options in the public cloud, the private cloud and on premise. The training uses an SAP S/4HANA Cloud Public Edition system and SAP Fiori.
- This course is one of the successors of the former training "Business Processes in Financial Accounting in SAP S/4HANA" (S4F10).
