kod szkolenia: ZP-DEVL-DOlen / ENG DL 2d

DevOps Leader (DOL) - accredited training with exam

Introduces new and innovative ways to organize and manage value streams using DevOps practices. Tailored for those engaged in a DevOps evolution.

Leading people through a DevOps evolution requires new skills, tools, innovative thinking, and transformational leadership to be successful.

THE AIM OF A TRAINING PROJECT:

- The DevOps Leader course is a unique and practical experience for participants who want to take a transformational leadership approach and make an impact within their organization by implementing DevOps. Leading people through a DevOps evolution requires new skills, tools, innovative thinking, and transformational leadership. Leaders up, down and across an organization must align and collaborate to break down silos and evolve the organization.
- The course highlights the human dynamics of cultural change and equips participants with practices, methods, and tools to engage people across the DevOps spectrum through the use of real-life scenarios and case studies. Upon completion of the course, participants will have tangible takeaways to leverage when back in the office such as understanding Value Stream Mapping.
- The course was developed by leveraging key DevOps leadership sources to extract
- real-life best practices in leading DevOps initiatives and has been designed to teach the key differences and emerging practices for DevOps ways of working through leadership in a fast-paced DevOps and Agile environment.
- This certification positions learners to successfully complete the DevOps Leader exam.
