ITIL®4 Foundation - accredited training with exam

ITIL®4 introduces an updated version of the IT service management framework.

Version 4 acquires selected elements from the Practitioner level, especially the principles. ITIL®4 also introduces, in the spirit of system thinking, the way of managing products and services as value chains, from the expressed demand to measurable value. ITIL practices are embedded in a coherent ecosystem, in which products and services are delivered in an uninterrupted cycle of creation, testing, implementation, feedback and improvement.

ITIL® 4 OFFICIAL CERTIFICATION SCHEME

ITIL® 4 Foundation is a prerequisite for any ITIL® 4 certification, except for the extension modules ITIL® Acquiring and Managing Cloud Services, and ITIL® Sustainability in Digital and IT that do not have any prerequisite.

ITIL® 4 Managing Professional is awarded when the [Create, Deliver and Support](#), the [Driver Stakeholder Value](#), the [High-velocity IT](#), and the [Direct, Plan and Improve](#) certifications are achieved.

ITIL® 4 Strategic Leader is awarded when the [Digital and IT Strategy](#), and [Direct, Plan and Improve](#) certifications are achieved.

ITIL® 4 Practice Manager designation is awarded when the [Create, Deliver and Support](#) certification, and any ONE certification from the pre-bundled courses is achieved: [Monitor, Support and Fulfil](#), [Plan, Implement and Control](#), or [Collaborate, Assure and Improve](#).

ITIL® 4 Master is the highest designation, awarded when the ITIL Practice Manager, Managing Professional, and

Strategic Leader designations are all achieved.

Training recipients

The training is addressed to:

- Managers and employees of IT organizations planning to improve internal processes based on the best practices of ITIL®4, employees of companies providing IT services
- People who want to improve their qualifications in IT service management and pass the exam "Foundation Certificate in IT Service Management" (ITIL®4 Edition)

Benefits

ITIL® is a globally recognized set of best practices for IT service management. Learning it will help you understand the concepts, terminology, and processes commonly used to support organizational growth in the area of ITSM. It will also enable you to introduce improvements in managing organizational data and effectively measure the performance of the IT services you manage. By studying ITIL®, you prepare yourself to apply new skills in enterprise management.

Benefits for training participants:

- An ITIL® certificate serves as a benchmark that defines your skills and knowledge of IT service management principles. Companies worldwide recognize ITIL® certification as a prerequisite for employment in IT service management departments.
- Participation in the training allows you to learn the standard terminology and management processes defined in ITIL®, which will make it easier to communicate with vendors and business partners in IT service management, as well as help you focus on customer expectations and user experience.
- The quality of service delivery depends on the skills and knowledge of IT staff. ITIL® training aims to provide knowledge and prepare IT managers to efficiently solve problems.
- Familiarity with ITIL® contributes to improving the cost-effectiveness of business processes that involve IT services. By skillfully optimizing the use of available resources while considering potential risk factors, ROI increases, helping the organization achieve sustainable growth.
- Obtaining an ITIL® certificate enhances your qualifications, which may translate into a higher salary. Beyond financial benefits, it also provides greater opportunities for further career development.

For customers outside Poland, or in cases where the PeopleCert exam requires settlement under a different region, the final price may be adjusted in accordance with PeopleCert's applicable regional pricing policy. Please contact us to confirm the price and receive an offer tailored to your country/region: trainings@altkom.pl

Language

- Training: English
- Materials: English
- Exam: English

Examination method

The participants receive vouchers, which are valid for 6 months, for online exam.

Having completed the training, the participant receives an e-mail with guidelines how to register on the exam. The date is determined directly with PeopleCert, with the use of participant's account.

Online exam is conducted in the presence of proctor - a person from PeopleCert, who connects remotely with training participant's desktop and observes the course of exam via Internet camera.

The person who takes the exam is obliged to show the place where he is going to write the exam to proctor via Internet camera. Proctor checks if there are not any other persons and study aids in the room.

Czas trwania

2 dni / 16 godzin

Examination description

- Exam duration: 60 minutes
- Format: Multiple-choice test consisting of 40 questions
- Passing score: Minimum of 65% (26 out of 40 correct answers)
- Closed book: No textbooks or training materials allowed during the exam
