SAP S/4HANA Sourcing and Procurement - Functions and Innovations

- This course provides an overview of sourcing and procurement capabilities in SAP S/4HANA. It is specifically targeted at learners that already have background knowledge about sourcing and procurement in SAP ERP and who want to up-skill to SAP S/4HANA.
- For learners without previous SAP ERP experience, we recommend the course S4500 (Business Processes in SAP S/4HANA Sourcing and Procurement) instead.
