kod szkolenia: SAP/ADM103 / ENG

System Administration II of SAP S/4HANA and SAP Business Suite

- HTTP based communication plays a major role in SAP S/4HANA (in particular, when you want to use SAP Fiori).
- During the ADM103 training you will gain the administrative knowledge for the configuration of HTTP based communication. In addition, this class covers other topics such as SMTP communication and Central User Administration from an administrative point of view.
- You will learn the theoretical administration concepts within AS ABAP and work practically in an SAP system and on the operating system level.

Odbiorcy szkolenia

- System Administrator
- Technology Consultant
